Headline:
Chilly night with frost again. Increasing chance of showers Tuesday.

This Evening and Tonight:
Dry with some clear spells in the south through the evening where a patchy frost could form. Cloud gradually spreading from the north to affect most parts of the region by dawn. Light winds. Minimum temperature 1 deg C (34 deg F).

Tuesday:
A dry but mainly cloudy start with limited brighter spells. One or two rather heavy showers developing through the day, especially later. Probably drier eastern areas with sunshine. Feeling warmer. Maximum temperature 15 deg C (59 deg F).

Outlook for Wednesday to Friday:
Sunshine and showers during the remainder of the week. Some isolated heavier showers possible in Wednesday and Thursday, these then maybe more widespread on Friday.
